**Rodamiento axial de rodillos cónicos 29418-E-NSK**

| Caractéristique            | Valeur                               |
|----------------------------|--------------------------------------|
| d - Diámetro interior (mm) | 90                                   |
| D - Diámetro exterior (mm) | 190                                  |
| C - Espesor (mm)           | 60                                   |
| Marca                      | NSK                                  |
| Tipo del rodamiento        | Rodamiento axial de rodillos cónicos |
| Tipo de jaula              | Acero                                |
| Rodamiento serie           | 29400                                |
| Unidad de venta            | pieza                                |
